DECODING NON-CODING RNAs IN FATTY LIVER DISEASE

BILJANA ATANASOVSKA

The research described in this thesis was conducted at the Department of Pediatrics, Section Molecular Genetics, and the Department of Genetics, University Medical Centre Groningen, the Netherlands. This work was mainly supported by funding from the Systems Biology Center for Metabolism and Ageing, Groningen, the Netherlands (SBC-EMA to C.W., M.H. and J.F.) and the Netherlands Organization for Scientific Research (NWO-VIDI 864.13.013 to J.F.).

The printing of this dissertation was financially supported by:

The University of Groningen

The University Medical Centre Groningen

The Groningen University Institute for Drug Exploration (GUIDE)

university of
 groningen

Decoding non-coding RNAs in fatty liver disease

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus prof. E. Sterken
and in accordance with
the decision by the College of Deans.

This thesis will be defended in public on

Monday 20 May 2019 at 12.45 hours

by

Biljana Atanasovska

born on 18 April 1985
in Skopje, Macedonia

Supervisors

Prof. J. Yang-Fu

Prof. T.N. Wijnenga

Assessment Committee

Prof. A.K. Groen

Prof. A. van den Berg

Prof. J.A. Lisman

To my parents and my sisters

Table of Contents

Chapter 1	General introduction.....	9
Chapter 2	GWAS as a driver of gene discovery in cardiometabolic diseases.....	31
Chapter 3	A liver-specific long non-coding RNA with a role in cell viability is elevated in human non-alcoholic steatohepatitis.....	53
Chapter 4	Genome-wide transcriptome analysis of livers from obese subjects reveals lncRNAs associated with progression of fatty liver to nonalcoholic steatohepatitis.....	85
Chapter 5	Functional genomics of stimulated human hepatocytes reveal a novel long non-coding RNA involved in liver inflammation via the NF- κ B pathway.....	119
Chapter 6	Predicted transcribed enhancers in the liver show association with disease, genetics and gene expression.....	149
Chapter 7	General discussion and future perspectives.....	171
Appendices	Summary.....	186
	Samenvatting in het Nederlands.....	190
	Acknowledgements.....	194
	Publication list.....	198
	Curriculum Vitae.....	200
